Professional Summary

Frontend Developer skilled in React, Next.js, TypeScript, Vue.js, and TailwindCSS. Passionate about building responsive, accessible, and user-focused web applications. Experienced in agile collaboration and eager to contribute to a team where I can grow and help create impactful digital products.

Experience

Frontend Developer Intern | Cyncra Technologies | Jun 2025 to Aug 2025

• Built and maintained responsive UIs using React, TailwindCSS, and JavaScript to ensure consistency across devices.

• Developed a library of reusable components such as buttons, modals, and forms to improve scalability and reduce code repetition.

• Integrated REST APIs to display dynamic content and enhance user experience.

• Collaborated in agile sprints using Git and GitHub for version control and team workflows.

Frontend Engineering Trainee | AltSchool Africa | Nov 2024 – Oct 2025

• Completed a one-year intensive Frontend Engineering Diploma program.

• Collaborated on a capstone project tackling challenges in Lagos' home rental market by building a platform where landlords can list properties and house seekers can browse and connect directly.

• Developed key features using React, TypeScript, and TailwindCSS, following accessibility and responsive design best practices.

• Worked with REST APIs, Git, and UI/UX principles to deliver production-ready interfaces in a collaborative team setting.

Education
