Profile

Junior Frontend Developer skilled in React, Next.js, TypeScript, Vue.js, and TailwindCSS. Experienced in building responsive, accessible, and user-focused web applications. Open to junior roles where I can contribute, grow, and build impactful products.

Experience

Frontend Developer Intern | Cyncra Technologies | Jun 2025 – Aug 2025

- Built responsive UIs with React, TailwindCSS, and JavaScript.
- Integrated REST APIs and developed reusable components.
- Collaborated in agile workflows using Git.

Frontend Engineering Trainee | AltSchool Africa | Nov 2024 – Present

- Built projects with React, Next.js, Vue.js, and TypeScript.
- Designed responsive layouts and accessible UIs.
- Applied Git, REST APIs, and UI/UX best practices.
